LIST OF MACHINERY

1). Welding Machine - rectifier	21
2). Welding Machine-Transformer	10
3). Welding Machine- Inverter	25
4). Welding Diesel generator	02
5). Power Generator (75 KV)	02
Power Generator (125 KV)	01
6). Plate rolling machine (2 mtr)	02
7). Pedestal Drill machine	04
8). Magnetic drill machine	04
9). Hammering drill machine	04
10). Angle grinder (04 inch)	16
Angle grinder (07 inch)	12
11). Pipe cutting machine	06
12). Derek (150 ft) (15 ton capacity)	02
13). Chain pully block (1ton)	03
Chain pully block (2ton)	06
Chain pully block (3ton)	08
Chain pully block (5ton)	04
Chain pully block (10ton)	02
14). Mobile crane Hydra (12 ton)	10
15). Mobile Crane Farana (15 Ton)	05
16). Mobile Crane (35 Ton to 300 Ton)	04

ORGANIZATION DETAILS

1). Mechanical Engineers	01
2). Planning Engineer	01
3). Site In charge	02
4). Site Supervisor	04
5). Safety Supervisor	02
6). Store in charge	04
7). Accounts Manager	01
8). Tank Fabricator	03
9). Structure fabricator	04
10). Pipe Fabricator	04
11). Pipe fitter	06
12). Pipe welder Arc	08
13). Argon Arc	03
14). Grinder Man	08
15). Gas cutter	04
16). Electrician	02
17). Riggers Heavy Gang	20
18). Operator	06
19). Helper	21

DETAILS OF OUR GROUP COMPANIES

| 1). Samarth Lifters & erectors | 5). Shreeji Engineers |
| 2). Axar Technical Services | 6). Gurudatta Engineering Industries |
| 3). Shaarangi Engineers Pvt Ltd | 7). Ragini Steel Work |
| 4). Right Fabrication | 8). Shaarangi Enterprise |

Our Products

we specialize in designing and manufacturing high-quality MS/SS Chimneys or Stacks that meet the needs of a wide range of industries. Our chimneys or stacks are designed to safely and efficiently remove exhaust gases from industrial processes.

01

MS / SS Storage Tank

Our storage tanks are used in a variety of industries, including oil and gas, chemical processing, and water treatment. They are designed to meet all relevant industry standards and regulations, ensuring that they are safe and reliable.

02

MS / SS Chimney or Stack

Our chimneys or stacks are used in a variety of industries, including power generation, chemical processing, and oil and gas. They are designed to meet all relevant industry standards and regulations, ensuring that they are safe and reliable.

03

MS / SS Reactor Fabrication

We are leading provider of MS/SS Reactor Fabrication, Erection, and Installation services. We specialize in delivering high-quality solutions that meet the unique needs of our clients across a range of industries.

We use state-of-the-art equipment and techniques to ensure that our work meets the highest standards of quality and safety.

We offer a comprehensive range of services, including design, fabrication, erection, and installation of MS/SS Reactors.

we take pride in our commitment to excellence and customer satisfaction.

04

MS Jacketed SS Reaction Vessels

We are leading provider of MS Jacketed SS Reaction Vessel Fabrication and Erection services. We specialize in delivering high-quality solutions that meet the unique needs of our clients across a range of industries.

Our services include design, fabrication, erection, and installation of MS Jacketed SS Reaction Vessels. We use state-of-the-art equipment and techniques to ensure that our work meets the highest standards of quality and safety.

Our team of experienced professionals is dedicated to providing exceptional service and delivering projects on time and within budget.

05

Hot & Cold Insulation Works

We are leading provider of insulation solutions for a wide range of industries. We specialize in the installation and provision of all types of insulation for equipment, piping, and other objects in the industry. Our services include but are not limited to fiberglass, mineral wool, spray foam, and cellulose insulation. We have experience working with a variety of insulating objects, including tanks, boilers, ducts, and more. Our team of experts works closely with clients to understand their specific needs and provide customized solutions that meet their requirements.

Industrial Services

we specialize in designing and manufacturing high-quality MS/SS Chimneys or Stacks that meet the needs of a wide range of industries. Our chimneys or stacks are designed to safely and efficiently remove exhaust gases from industrial processes.

MS / SS Piping Fabrication & Erection

we specialize in providing high-quality MS/SS Pipeline Fabrication and Erection services to a wide range of industries, using latest technology and materials.

Our pipelines are designed to safely and efficiently transport liquids and gases for industrial processes.

MS / SS Structure Fabrication & Erection Works

we specialize in providing high-quality PEB Shed Fabrication and Erection services to a wide range of industries. Our team of experienced engineers and technicians work closely with our clients to understand their specific needs and requirements.

Blasting And Painting Works

we specialize in providing high-quality Blasting and Painting Work for a wide range of industries. Our team of experienced professionals is dedicated to delivering exceptional results that meet the highest standards of quality and safety.

We offer a comprehensive range of blasting and painting services, including surface preparation, coating application, and corrosion protection. Our state-of-the-art equipment and techniques ensure that we can handle even the most challenging projects with ease.

We use the latest technology and materials to ensure that our sheds are built to the highest standards of quality and safety. Our sheds are designed to withstand the toughest environments and conditions.

Our services include designing, fabricating, and erecting PEB Sheds for a variety of industries, including construction, warehousing, and manufacturing. We also offer after-sales services, including maintenance and repair, to ensure that our sheds continue to perform at their best.

Crane Services

we offer reliable and efficient Hydra and Crane Hiring Services for a wide range of industries. Our fleet ranges from 12 Ton to 300 Ton cranes, ensuring that we have the right equipment to meet your specific needs.

Heavy Machinery Loading / Unloading and erection

Our team of experienced professionals is dedicated to providing safe and efficient crane services, including lifting, loading, and unloading heavy machinery and equipment. We work closely with our clients to understand their specific requirements and provide customized solutions to meet their needs.

Heavy Equipment erection

we specialize in providing high-quality Heavy Machinery and Equipment Loading, Unloading, and Erection services to a wide range of industries. Our team of experienced professionals work closely with our clients to understand their specific needs and requirements.

Crane Rental Services

we offer reliable and efficient Hydra and Crane Hiring Services for a wide range of industries. Our fleet ranges from 12 Ton to 300 Ton cranes, ensuring that we have the right equipment to meet your specific needs.

We take pride in our commitment to safety and quality, ensuring that all of our equipment is well-maintained and operated by highly skilled professionals. Our Hydra and Crane Hiring Services are available on a short-term or long-term basis, depending on your project requirements.

We use the latest technology and equipment to ensure that our services are performed safely and efficiently. Our team is highly skilled in handling heavy machinery and equipment, and we take every precaution to ensure that your equipment is handled with care.

Our services include loading, unloading, and erecting heavy machinery and equipment for a variety of industries, including construction, manufacturing, and transportation. We also offer after-sales services, including maintenance and repair, to ensure that your equipment continues to perform at its best.

we are committed to providing our clients with the best possible service and support. We work closely with our clients to ensure that their projects are completed on time and within budget.
